Executive Office of Community Housing Programs, was the principal speaker. She praised the two new one bedroom units as one of the first such 100% barrier free buildings in Massachusetts, designed to allow free access to paraplegics. The outside doors of the apartments open to a radio signal much as remote controlled garage doors respond to a signal from a vehicle.

June Mendell, in welcoming the guests, said that she first became aware of such a need after the completion of the Village Court. When applications were received from paraplegics, she discovered that they could not enter the building alone. Ms. Mendell, Executive Director of the Mattapoisett Housing Authority, then investigated the possibility of changing the outside doors of the brand new building to allow free access. The cost, she said, was so great that it became apparent that a new building with this feature would make better sense than the change. The new building has been in the design stage since 1982 and funds to build it were part of the initial 1.92 million from the Massachusetts Ex-

ecutive Office of Communities and Development plus a $197,887 grant from the Executive Office of Energy Resources which was obtained in 1979 to develop the main building of 52 units. This initial building is a glass fronted, partly solar heated structure and has proven most attractive to its elder residents, most of whom are local people.

In her remarks, Ms. Lamb praised this Massachusetts program which has made this housing for elder people possible.

The Rev. Raymond D. Patch, Pastor of the Mattapoisett Congregational Church, opened the short ceremony with a prayer. Ms. Mendell welcomed the guests and introduced the speakers.

Senator William Q. MacLean, as Senator of the district which included Mattapoisett, was the prime moving force behind the project to build the Village Court. He said that it was one of his favorite projects and he praised the local committee who worked to bring it about. He said that although Mattapoisett has now been removed from his district he retains a deep interest and affection for the town and its people and

Representative John C. Bradford spoke in glowing terms of the need of this sort of housing and of the excellent realization in Mattapoisett due to local active participation. He said that as a member of the Massachusetts House he will offer support to such projects.

Speaking for the Mattapoisett Board of Selectmen, Chairman William Hubbard noted that he had served on the Board at the time the Village Court was in its planning and building stages and that now it was his pleasure to serve again as this latest annex was completed. He said that he and his fellow Selectmen took great pride in the entire project and thanked Senator MacLean and Representative Bradford for their invaluable help.

After the cutting of the ribbon, guests were invited to tour one of the new apartments. The annex is across from and faces the large 52 unit Village Court.

## Harbor Group Recommends Mooring Fees

MATTAPOISETT SELECTMEN'S MEETING
APRIL 19, 1988-by VIRGINIA MORGAN

The Harbor Sub-Committee of the Growth Management Study Committee met with Selectmen last Tuesday and its Chairman, Michael Dahill, recommended a fee structure for the moorings in the harbor.

Selectmen agreed a rate schedule of $5. for residents and $25. for non-residents (designated as taxpayers) seemed reasonable but it would have to be reviewed first. Selectmen Chairman William F. Hubbard said, in his opinion, the fees were a good idea.

Mr. Dahill also suggested a group of three people, one a representative from the marine trades and two interested citizens, be appointed to back up the Harbormaster to check on how the mooring regulations are working. Selectmen will consider this suggestion.

Attending the meeting were Harbormaster Steven Mach, other Harbor Sub-Committee members Richard B. Young and Arthur McLean, and Peter Kortright, Chairman of the Growth Management Study Committee.

Mr. Dahill said the committee's first concern is with regulations to control the number of moorings in the harbor. He said there are 400 moorings in the harbor, with an estimated 60 percent occupied or owned by non-residents. The Harbormaster said in most cases they don't know who owns some of the moorings. He said it is still manageable, but there is tremendous growth in the harbor.

The Harbormaster said the harbor is considered 1/2 mile off shore from the Marion line to the Fair-

haven line. The number of boats in the Aucoot Cove and Brandt Beach areas is increasing. "Our first step is to determine ownership of the moorings, then registration of the moorings, with a renewal inspection."

Mr. Dahill explained his committee was concerned with the harbor filling up. He said public hearings had been held and it was found that people are concerned with traffic and parking on the wharf, especially in the early morning hours, and the pollution in the harbor. He noted both Marion and New Bedford have identical rules and regulations in place and they seem to be working well.

Mr. Young commented that Marion and Padanaram have closed their harbors to additional moorings. People living around Boston have no place to put their boats so they come here. "We will be overwhelmed as their presence taxes other things, such as traffic and crowding at the wharf."

Mr. Dahill said Mattapoisett's rules are essentially the same, but "we've changed some because of the exposed area of Mattapoisett". The changes define what moorings should be, size and length of chains, and how the mooring is constructed. There are some areas in the harbor they would like to formalize; such as Shining Tides for the youth boat programs and a special area for windsurfing; and leave a special section with no moorings. "We have to get

some help from SRPEDD with the mapping of the mooring spaces in the harbor."

The harbor chairman explained his group would like the support of the Selectmen to initiate registration of moorings this summer. "We are considering establishing an 'enterprise fund' from fees to be used for the harbor with the money going for maintenance and development of the wharf." The funds from excise taxes should be returned to the town, said Mr. Dahill.

Selectman John N. DeCosta said "We would like to see what fees we can collect. If we isolate these fees which now go to the town's general fund, what effect will it have on other town departments. I have no problem with the idea, but I want to know what effect it will cause."

The Board agreed the request for an 'enterprise fund' should be checked by town counsel. "In any event, any major by-law change would have to be voted at an annual town meeting and it is too late for this year. Any minor changes can be made by the Selectmen", said Mr. Decosta.

Harbormaster Steven Mach said, "We've pretty much told the boat-owners the anchors should be mushroom anchors. We've just scratched the surface, but we've got a long way

to go. The excise taxes collected are larger than our budget. Boat-owners have to pay their excise taxes before they can get a mooring."

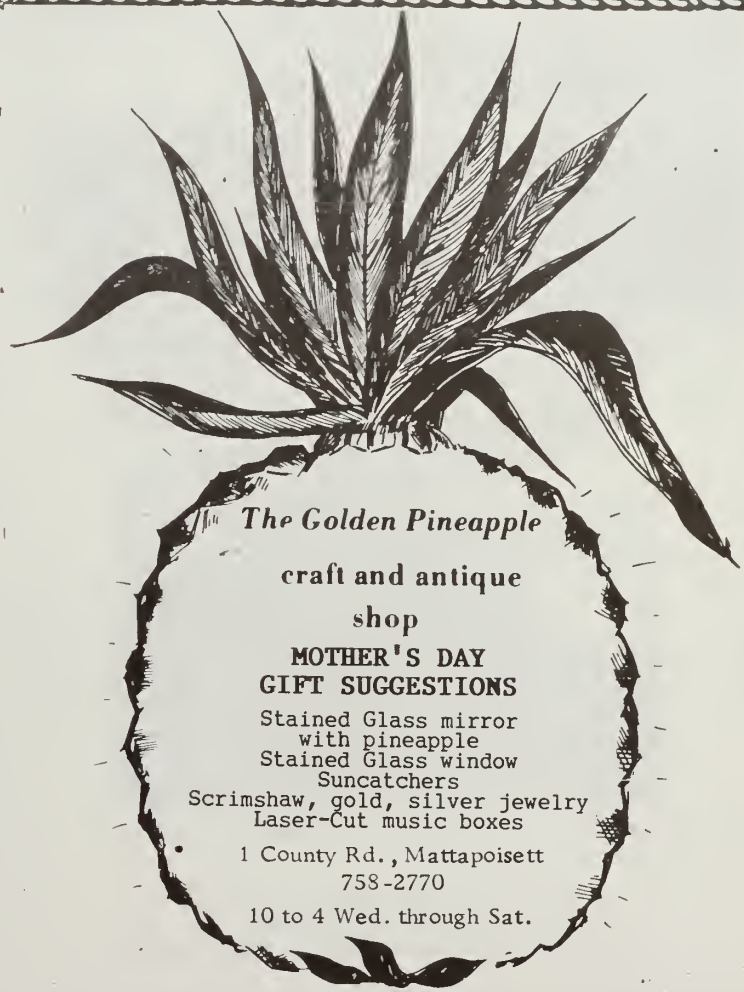
Mr. Dahill said a public hearing is needed to acquaint the public with the proposed changes. Select-man Bernard F. Talty recommended that someone check the legality of the proposed fees. Mr. Dahill responded saying the Coastal Zone Management (CZM) has attorneys to check this aspect.

Peter Kortright reported the Growth Management Committee has received notice of harbor planning grants from CZM, but "we are not quite ready to apply for 50/50 matching grants; however, we plan to apply in the future."

It was noted by the harbormaster that the New York Yacht Club will be visiting Mattapoisett Harbor on July 23rd and 24th.

In other business, Selectmen:

HEARD from Peter Kortright of the Growth Management Study Committee that the Open Space Sub-Committee, with Martha Peterson as chairman, has received a $4,500 grant from



the U.S. Department of Agriculture through the Plymouth County Soil Conservation District to conduct a study on open planning. Part of the study involves an inventory of assessors' records on open space and a public discussion of what people would like to see in open space. The sub-committee will confer with the Recreation Commission, Planning Board, Conservation Commission and the Mattapoisett Land Trust for their ideas.

ACCEPTED WITH REGRET the resignation of Police Officer John F. Camacho, 6 Old Brandt Island Road as a part-time police officer.

Officer Camacho writes to Police Chief James F. Moran, "After 20 years as a part-time officer, I have decided to spend more time with my family and projects that time has not allowed me to get involved with in the past. The past years served on the department have brought me a sense of feeling that in some small way I have helped fulfill some of the public service needs of our town and hopefully helped make it a better place to live in. Many memories of some tense as well as some happy occurrences will long be remembered along with always being aware that you were part of a deeply bonded team of unity and dependability. It will always be with great pride that I will be able to confirm that I was once a member of 'Mattapoisett's Finest'".

Selectmen will send Officer Camacho a letter commending him for his 20 years of dedicated service.

REAPPOINTED Blanche B. Perry as a member of the Old Colony Regional Vocational-Technical High School Committee. The appointment was made jointly by the Mattapoisett School Committee members Ellen Driscoll and Maureen Best, Moderator R. William Blasdale and Selectmen.

APPOINTED Raymond P. Hanks, 18 Crystal Spring Road as assistant building inspector.

ing the Town of Mattapoisett versus Mid-Cape Motors, Inc.; Park Superior Sales; and Ford Motor Company concerning the damage done to the town ambulance while under repair at Mid-Cape Motors, Inc.

The law fim has sent to Mid-Cape Motors, Park Superior Sales, Inc. and the Ford Motor Company references to the proposed Chapter 93A (Consumer Protection Act) and breach of warranty letter. The attorneys also request the Selectmen provide a written statement from the town mechanic that in his opinion it is necessary to replace the engine rather than simply repair it as proposed by Mid-Cape Motors and Ford Motor Company in order to remedy the defect caused by the piece of metal being in the engine. Also requested is the total dollar amount incurred by the town in order to hire the private ambulance service to cover for the town ambulance.

For background in the issue: the one-year old ambulance was returned to Mid-Cape Motors for correction in its manufacture, and damage was done to the engine. In the meantime, the town has been using an ambulance from STAT in New Bedford making the town fully covered in

## Rochester Conservation Commissior

RECEIVES GRANT

A $3600 grant to update the town's Open Space Plan has been awarded the Rochester Conservation Commission by the Plymouth County Conservation District.

Open Space Planner Linda Rinta has been retained by the Commission to administer the development of the plan. An Open Space Plan Subcommittee has been formed to work with Mrs. Rinta. The first meeting is scheduled for Monday, May 9th, at 7:30 p.m. in the Rochester Town Hall.

"An Open Space Plan provides consistency in town planning even though people come and go on various town boards, " Mrs. Rinta said. "It also allows the town to successfully compete for state funding under the Division of Conservation Services. A good plan marries recreation and conservation."

The current Open Space Plan was written in 1983 as a five year plan. The Rochester Commission agreed this year to initiate an

update of the plan with a current reassessment of public need.

The Plymouth County Conservation District grant was accepted for the town by Georgia D. Chamberlain, Chairman of the Rochester Conservation Commission. Earlier this year Mrs. Chamberlain was honored by the Massachusetts Association of Conservation Commissions for 25 years of volunteer service in protecting Rochester's natural resources. Among her achievements are:

*Obtaining a Ford Foundation grant to compile a natural resource map inventory.

*Securing 291 acres of farmland under the Agricultural Protection Act.

*Coordinating with the owner of the Delano Memorial Trust to have 113 acres of prime forest land put into the Plymouth County Wildland Trust.

*Orchestrating the town's $95,000 purchase of shoreline on Mary's Pond for use as a town beach and recreation site.

## Annual Town Meeting, Mattapoisett, May 2

44 ARTICLES -7 OVERRIDE REQUESTS

by VIRGINIA MORGAN

In what Selectmen and Moderator R. William Blasdale term a long, tedious warrant - one that will be confusing with seven override requests and three debt exclusion requests - the annual town meeting in Mattapoisett will be held at 7:30 p.m. Monday, May 2nd, in the Old Rochester Regional High School Audi-

torium. Moderator Blasdale said, in setting up a joint meeting last week with the Finance Committee, Town Counsel and Selectmen, "When we are at Town Meeting, I don't want to go through the mistakes again like last year on the override questions." (Last year there was a misunderstanding as to whether certain override questions needed a majority vote or a 2/3 vote.)

One of the debt exclusion requests recommended by the Finance Committee is the $1.4 million for the police station construction, to be bonded over 20 years. The Selectmen noted all the bids for construction and the extras, such as electricity, plumbing and heating are in and will be presented at town meeting. The extras represent $525,000, 46 percent of the total cost of construction.

The second debt exclusion request is not recommended by the Finance Committee. An article placed by petition seeks $8. million for land acquisition. The article is placed so that views of the taxpayers will be heard and the Board

of Selectmen will have the opportunity, if they so desire, to take advantage of the land in question when it comes up for sale. The land in question is the property of Manuel R. Nunes, Jr. in the Brandt Island section of town.

The third debt exclusion also is not recommended by the Finance Committee. It refers to the $34,000 sought by the Water Department for a System Analysis of the Water Supply.

Richard A. Grenache, Chairman of the Finance Committee, explained that in order for taxpayers to have the same services as last year, the $529,108 override on the town operational budget will have to be passed. Some of the override includes the school budgets. The total operational budget to be raised by taxation is $5,729,428, one half million over what Proposition 2½ allows the town to go, said Mr. Gamache. According to the last tax amount, each $535,000 spent equals $1.00 on the tax rate, he explained further.

Five of the overrides include:

1. $7,000 for a Council on Aging Director.
2. $23,500 for police cruiser.
3. $20,000 for painting Center and Old Hammondtown Schools.
4. $20,000 for a Town Planner.
5. $3,500 for the Zeiterion Theatre.

Among the articles seeking larger requests are $124,800, Old Hammondtown School roof; $120,000 Center School windows; $40,000 asbestos removal from the Center School; $40,000, corrosion control treat-

25% of the permanent population of Mattapoisett in the Senior category (age 59 and over), providing coordination for the many services ranging from commodity distributions, to meals, to answering questions about benefit programs has become more than the volunteers alone can handle as dedicated as they are. If Mattapoisett is to continue having effective programs for its seniors it is essential to have a part-time director."

This article deserves your support and the Council on Aging urges that those who want to see Mattapoisett continue to have high-quality, senior programs attend the Town Meeting and vote in favor of the article.

BOWLING LUNCHEON

The Mattapoisett Woman's Club Annual Bowling Luncheon will be held Monday, May 2nd, at Joseph's Olde Tavern Inn. The social hour will begin at 11:30 a.m., with lunch served at 12:30. This will be followed by the awarding of team prizes for the past season.

## Tobey Capital Campaign

The Tobey Hospital Capital Campaign Fund, in observance of the 50th Anniversary of the hospital, is continuing and needs the support and generosity of every Mattapoisett resident to assure the success of the campaign. Mattapoisett raised over $14,000.00 four years ago in the $750,000 Quest for Excellence drive for improvements. To date, from Mattapoisett we have received only slightly more than $7,000.00 toward the needed 4.85 million dollars. The fund drive has reached the 2.5 million dollar mark.

One of the goals is the expansion and modernization of the Emergency

and Radiology Departments. The buildings which house the departments were constructed in 1939 and 1954, designed to treat 10-12,000 patients and currently are serving 22,000 patients. They have not undergone major renovations since the construction.

Although the staff does an outstanding job in the available facilities, consider that you would want them to have available space and the best equipment if you needed treatment. New space will be constructed and the Radiology Department will be equipped with three radiology and fluoroscopy suites, a nuclear computer and gamma camera. The computer will permit the staff to conduct necessary procedures, most notably cardiac studies, previously unavailable.

## "Tobey Hospital Month"

At the request of Selectman John N. DeCosta, who serves as Community Campaign Chairman for Tobey Hospital's 50th Anniversary Fund Drive, the Board of Selectmen last Tuesday proclaimed the month of May as "Tobey Hospital Month".

Selectman DeCosta noted the drive has realized over $2 million as of now, but during the month of May the Committee hopes for a substantial increase.

The proclamation reads: Whereas: "Tobey Hospital has provided quality health care to the children of Mattapoisett for nearly fifty years. Tobey Hospital's mission has been to insure that area residents have access to this care at reasonable cost and close to home, regardless of their ability to pay administered by a professional staff, supported by the most technologically advanced equipment. In response to modern medical practices and increased population Tobey Hospital has continually initiated new programs and kept abreast of the latest developments in health care.

"Tobey Hospital, one of the largest employers in the area with over 400 men and women for the local communities and an annual payroll of nearly $7. million. Tobey Hospital is currently conducting a major fund drive for an $85 million construction and renovation project that will enable it to meet

the increased demand for its services.

"Therefore, We, the Board of Selectmen, do hereby proclaim May as Tobey Hospital Month and urge all members of the community to give Tobey Hospital their generous support."

## Symptoms of Drug Abuse

"PARENT AWARENESS MEETING"

A "Parent Awareness Meeting" on substance abuse will be held on Thursday, April 28th, from 7:00 to 8:30 p.m. at the ORR High School cafeteria.

Issues to be discussed will be the concerns about children's involvement with alcohol and other drugs. Pathways Prevention Center will make a presentation on the signs and symptoms of abuse. A film titled "America Hooked on Drugs" will be shown followed by an opportunity for discussion. This meeting should be of interest to all and the public is urged to attend.

## "Quiet Riot"

"Quiet Riot", a "zany", "spellbinding", "thought provoking" program, will be held at Tabor Academy on Saturday, April 30th, at 7:30 p.m. in Lyndon South Auditorium. There is no charge. Bill and David Mettler skillfully blend storytelling, comedy, mime, improvisation and audience participation into a program involving themes of self-esteem, sense of community and an appreciation for the human family.

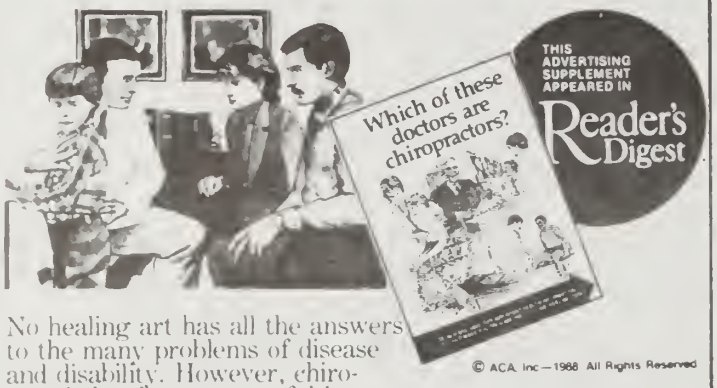
# Can Chiropractic Treatment Help You?



© ACA Inc—1988 All Rights Reserved

No healing art has all the answers to the many problems of disease and disability. However, chiropractic has been successful in many cases where medical treatment has failed. That's why the use of chiropractic is growing. Chiropractic is now the second largest health-care profession in America. Chiropractic does not utilize potentially dangerous drugs or surgery.
If you or anyone in your family has a health problem, it's worthwhile to learn more about the benefits of chiropractic treatment.

BROWNIES VISIT FIRE STATION

On Monday, April 11th, Brownie Troop 118 visited the Mattapoisett Fire Station where Chief Donald Wood demonstrated how fire engines work, sirens and all. Evelyn Ellis told the children about fire safety, both as herself and as Captain No-Burn. A final treat was donning firemen's hats and boots. Many thanks from the troop to all for an educational and enjoyable visit.

## Sippican School Student Council

The selection of Student Council members was made at the beginning of this school year with two students being chosen from each upper-grade room. They were selected by their peers and teachers.

This group has met regularly after school on Thursdays with excellent attendance and great enthusiasm.

The Council decided to promote the week of April 4-8 as Sippican School Spirit Week. Each day was devoted to a different aspect of life at Sippican. Monday was Sweat Shirt Day which began with an assembly and introduction of a school song. Tuesday, Mrs. Griffiths, school secretary, was honored for her hard work and dedication. Wednesday was a fun day of crazy hats, glasses and ties. Thursday was a class swap reading day, and Friday everyone shared a Sippican School Spirit cake.

The Council has decided to wind up the year with a Community Service Project. The week of April 25-29 will be devoted to a collection for the needy. Canned goods and blankets (clean but not necessarily new) may be brought to school and dropped off at Mrs. Jackson's room.

The Student Council and the advisors find this has been a very successful and rewarding year.

CANAL TRAIN BRIDGE

The beautiful geometry of the engineer reaches one of its most impressive and useful climaxes in our bridges. This view of the Cape Cod Canal Railroad Bridge expressed the strength and power of the triangle in the lace-like steel of the girders. Little used for many years, the Cape link has come to life again with the recent revival of the train route to Cape Cod. The great span over the waters is raised and lowered with comparatively little effort because of the massive counterweights as seen in the above photo. Each end of the weight of the central span is balanced by these counterweights, seen above in the lowered position, as the bridge track section rides high to allow the boat traffic to pass. Now that the summer train traffic will resume, the usefulness of the bridge will continue. These views are

from the Cape side in Bourne where walkers and bicyclists find the road just adjacent to the Canal a wonderful place to enjoy an outing with the finest views to be found. The activity on and adjacent to this waterway is always in motion so that the panorama is a constant variety of scene and sound. It is possible to walk the length of the canal on both sides, although it's advisable to do this in several easy stages since it is a good stretch of territory. This is enough walk or bike ride to satisfy the most avid fan.

## Expression of Thanks

Last Monday, April 19th, forty plus men, women and children again took brush in hand to improve Old Rochester Regional High School. This time the students' and teachers' cafeterias received a fresh, new look. The Committee would like to thank all those people who took time from their busy schedules to improve our regional school. Thank you for

Come See Our "MINI-WONDER"!!!
With vacation time fast approaching, we can GUARANTEE you'll get better pictures than ever and you won't have to lug a ton of heavy equipment around to get them. SIGMA has introduced a pair of new zoom lenses which are going to make you re-think the way you take pictures. We now have a 28-70 macro-focusing zoom which is EXACTLY the length of a pack of cigarettes and a matching 55-200 which is a half-inch longer. Imagine....EVERYTHING from 28-200 in a space less than 7 inches long. They're sharp, they're inexpensive and they make picture-taking FUN AGAIN. For any major camera brand just $169.00 each or buy them BOTH for $299.00. Better hurry. These may be hard to find in June. If you own a Canon EOS or Minolta Maxxum, ask us about the new auto-focus Sigmas at BIG savings.

## Letter to the Editor

I'd like to know what this world is coming to. I have lived on Brandt Island Road for 27 years and have seen no improvements at all.

With all the new homes being built on it, it has become a speed zone. It's too dangerous for man or beast to walk on.

My grandson's cat crossed over and got hit by a car. The police, who were called by someone, came and not even getting out of the car, proceeded to tell the driver she had no liability and could leave. He himself left promptly.

Both left with the half-dead cat lying there. I had no car to take the animal to the Vets. Now I ask you how inhuman can people

be. How to explain to my grandson and his two friends standing there why no one offered to take his cat to the Vets.

Wouldn't this have been a great example for a policeman to show three boys that he is also there to help not only to arrest. But the attitude I guess is what's a cat.

What's a cat? To some people, especially the aged and the young, it makes life more fulfilling. To others it may be a nuisance. Whatever, it is one of God's creatures and deserves our compassion.

Our dog officer doesn't have any provisions for cats. I wonder why New Bedford has. Aren't they considered domestic animals?

A few months back my son was walking down the road one day. A half pickup truck came by and threw a kitten in a bag out the window. My son brought her to the dog officer's home which was close by. He said he didn't handle cats and let it go.

My son brought it home and we took it to the Vets, an emaciated, herniated tiny animal. Now a healthy, thriving seven months old kitten I don't dare let out. She wouldn't last long, not on Brandt Island anyway. Is this all lack of compassion or just plain cruelty?

## O.R.R. Math Team

STATE MATH MEET

The ORR Math Team had its best showing in its history at the State Math Meet at Attleboro High School with a second place finish. ORR was six points behind first place, Weston High School, and ahead of such schools as Clinton, Deerfield Academy, Dover-Sherborn, Hudson, Lynnfield, Notre Dame Academy, Williston-North Hampton, Worcester Academy, Acton-Boxborough, Bridgewater-Raynham, Falmouth, Taunton, Algonquin Regional, Bishop Feehan, Dartmouth, Foxboro, Masconomet Regional, Shrewsbury, St. Johns High School and Westwood.

The previous best for ORR was a third place finish in 1986. "This was especially sweet," according to Mr. Cameron, Math Team coach at ORR, "since this was the first year in the past six that we didn't win our league championship. This year we finished second to a strong Dartmouth team, but easily defeated them and all the other teams qualifying from our league. This was particularly impressive since schools such as Taunton and Falmouth (large schools) were allowed two additional students." By placing second at the state meet, ORR has now qualified for the New England Math Meet to be held at Canton High School on Friday, May 6th. Competing for ORR were: Sue Reid, Patrick Wetmore, Vicki Hiller, Jennifer Morris, Josh Pond, and Lauri Lizotte.

## Alternative Entertainment

Two films will be shown May 13th at 7 p.m. at Lunds Corner Congregational Church, 2195 Acushnet Avenue, New Bedford.

We believe there is a need and a desire for alternative entertainment in the local Christian community, particularly among our youth.

This effort presents "The Pretender", a high school story about dating, manipulation, relationships and commitment; and "The Daylight Zone", a story about an agnostic man who is brought back in time

BODY WRAPS HAVE CHANGED! Old body wraps consisted of a solution of oils held to the skin by a cellophane wrap. This caused perspiration and loss of fluids. Once fluids were replaced, the inches lost came back. Our new wraps are elastic cotton wraps soaked in an all-natural solution of minerals and vitamins. Inch loss is permanent if you follow our program. And if you don't lose at least 4 inches on your first wrap, your second wrap is FREE! Call for an appointment.

## Piano Duo

Piano duo Barbara and Gerhardt Suhrstedt will perform at Bristol Community College on May 4th. The program scheduled for 7:30 p.m. is free and open to the public. Confining themselves to one keyboard, they are one of the few touring one-piano, four-hand teams in the United States.

These Somerville residents have performed concerts throughout the United States and Canada and have presented recitals at the National Gallery of Art, New York's Merkin Concert Hall and as part of the Spoleto Festival USA. They have received critical acclaim for their interpretations of the French piano duet repertoire and were invited to perform recitals of French music for the opening of a major Renoir exhibition at Boston's Museum of Fine Arts in 1985. In 1986 the couple performed for an international Franz Liszt Centenary festival, sponsored by the American Liszt Society. Performances this season include the Dame Myra Hess Series in Chicago, the Oberlin Conservatory of Music, Boston's Gardner Museum, the Lyceum Series in Alexandria, Virginia, and the Bosendorfer Series at the Indianapolis Museum of Art.

Barbara Fetrow Suhrstedt is an Ohio native and a graduate of Oberlin Conservatory of Music.

## Merchant Marine Veterans

TO HONOR CHARLES DANA GIBSON

One of the key figures instrumental in gaining Veterans' benefits for the World War II Merchant Seamen will be honored on May 1st at 2 p.m. at the Massachusetts Maritime Academy with an honorary lifetime membership in the New England Chapter of the American Merchant Marine Veterans.

Charles Dana Gibson of Camden, Maine, through his exhaustive research over the last dozen years along with his book "Merchantman ? or Ship of War", has been a major influence in the Department of Defense's decision of last January 19th to include the Merchant Seamen who served in World War II as Veterans. The one salient point in Mr. Gibson's argument was the directive of the then Chief of Naval Operations, Admiral Ernest J. King, on December 31, 1942, to the effect that Merchant Ships would be under direct control of the United States Navy once they were outside the territorial waters of this country. It is thought that this point of information was the key factor in the decision to allow Veterans' status to the members of the Merchant Marine.

It is fitting that such a person should be so honored by the members of the Merchant Marine Veterans.

of Africa and Europe.

During a three-week photography seminar in Nepal she was able to capture a number of "documentary" scenes of villages "untouched by western influence", where lifestyles haven't changed in literally thousands of years.

"There was a certain spirituality that I found in Nepal", Ms. Converse noted. "The people there are very generous. They have a simplicity that appreciates the natural flow of human nature instead of trying to rush about."

Ms. Converse recently exhibited some of her works at the Water Street Gallery in Mattapoisett and is developing a slide show of her trip.

Photos in the show range from $65. to $110., unframed. Framing is an additional $20.00. Part of the proceeds of any sale of the photos will benefit Tobey Hospital.

The photographs may be viewed at the hospital through the end of May. Sale inquiries should be directed to the hospital's Development Office, extension 264.

SPEAKER FROM EPA

What does the U.S. Environmental Protection Agency (EPA) do at the local level dealing with water quality issues and coastal regulations? Mr. David Fierra from the EPA will discuss clean-up efforts and the Clean Water Act as they pertain to the coast at 7:30 p.m. on April 27th in the Dartmouth Middle School Auditorium. Concerned citizens interested in public access and use of the coast should make every effort to attend this lecture. It is important to developers, engineers and owners of property along the shore.

The lecture is part of a series offered by the Lloyd Center, "Rights, Regulations and Responsibilities", offered by the Lloyd Center, "Rights, Regulations and Responsibilities", in conjunction with the US EPA's Buzzard Bay Project. The fee for this lecture is $4. for Lloyd Center members and $5. for non-members. For more information call the Lloyd Center at 990-0505.

breezes and the pounding of the surf make you think of far away places, join us on this island exploration.

Our home on the island will be the Vineyard Harbor Motel in Vineyard Haven. From here we will study the ecology and natural history of Martha's Vineyard. We will explore places such as Katama Plains, Sengekontacket Pond and Chappaquidick Island.

During the trip we will visit Gay Head, the State Forest, Edgartown and the Dukes County Historical Museum, the Camp Meeting Grounds in Oak Bluffs and other historical sites. We will observe the rich diversity of bird life found on the Vineyard in the spring while examining the interesting geological history of the island.

Registration for this exploration is $250. for Lloyd Center members and $275. for non-members (you can join the Lloyd Center at the time of registration and pay the lower fee). Master Charge and Visa are accepted for registration or membership. The fee includes all travel and ferry fees, instruction, equipment, entrance fees and double occupancy hotel rooms. Meals are on your own. Join us on this special spring expedition. To register contact the Lloyd Center at 990-0505.
